## National Hospice/Palliative Care Awareness

According to the most recent press release by the National Hospice and Palliative Care Organization they stated,:

“...November 2011 is a special month for the National Hospice and Palliative Care Month and encourage citizens to increase their understanding and awareness of care at the end of life and to observe this month with appropriate activities and programs” (Source).

To help in the efforts to increase awareness Lori's

Wigsite is dedicating November's Featured Article to the importance of Hospice and Palliative Care.

What is Hospice and Palliative Care?

In short it is "...compassionate care for people facing a life-limiting illness or injury..." (Source). Hospice and Palliative care can be received at the patient's home, nursing home, hospital, etc. and is available to everyone and covered by most insurances.

Thank you!

### *Closing Thoughts from the Owner...*

My original thought when first starting Lori's Wigsite was to be able to provide high quality, affordable wigs with a level of personalized attention that would help us "stand apart" from the competition.

We're a small team of dedicated staff, we take the utmost pride in our wig products, treat people fairly, and properly, while hoping to make each & every customer feel special.

My vision turned out exactly how I first anticipated - we've created special friendships with our dear customers!

We appreciate "you," our loyal customer...thank you for your continued support of Lori's Wigsite.
